RESOLUTION APPROVING A JOINT POWERS AGREEMENT WITH
LAKE COUNTY WITH RESPECT TO A FIBER-OPTIC NETWORK
PROJECT

BE IT RESOLVED, by the governing body of City of Silver Bay, Minnesota (the
"Municipality"), as follows:

1. **General Recitals.**
   
a. The Municipality is a municipal corporation and political subdivision organized
   and existing under the laws of the State of Minnesota.

   b. The Municipality recognizes that availability of high-speed, broadband
   connectivity is a necessary and desirable service for its residents and should be
   available on an equal basis to all its residents.

   c. The Municipality has been asked to enter into a Joint Powers Agreement (the
   "Agreement") by Lake County (the "County") pursuant to Minnesota Statutes,
   Sections 471.59 and 471.656 (collectively, the "Act") and Chapter 238.

2. **Description of the Project.**
   
a. The County intends to construct a fiber-optic network to provide advanced data,
   video and voice communication services to every home and business in the
   County and certain portions of Eastern St. Louis County, Minnesota, (the
   "Project").

   b. The Project will be owned by the County and operated by a management
   company selected by the County.

   c. The County intends to pay the cost of the Project through a grant and loan from
   the Rural Utility Service's Broadband Infrastructure Program and an issuance of
   revenue obligations pursuant to Minnesota Statutes, Chapter 475 (collectively, the
   "Obligations").

   d. Portions of the Project are located in the County, the Municipality and the
   Municipalities of the City of Two Harbors, Minnesota; the City of Beaver Bay,
   Minnesota; the City of Silver Bay, Minnesota; the Town of Beaver Bay, Minnesota;
   the Town of Crystal Bay, Minnesota; the Town of Fall Lake, Minnesota; the Town of Silver Creek, Minnesota; Town of Stony River,
   Minnesota; the County of St. Louis, Minnesota; the City of Ely, Minnesota; the
   City of Aurora, Minnesota; the City of Babbit, Minnesota; the City of Hoyt Lakes,
   Minnesota; the Town of Basset, Minnesota; the Town of Colvin, Minnesota; the
   Town of Duluth, Minnesota; the Town of Embarrass, Minnesota; the Town of
   Morse, Minnesota; the Town of Waasa, Minnesota; and the Town of White,
   Minnesota (collectively, and including the County and the Municipality, the "Host
   Municipalities").
3. **Recitals Relating to the Joint Exercise of Powers.**

   a. The County has requested that the Host Municipalities cooperate (as permitted by Minnesota Statutes, Section 471.59 and Chapter 238) through a joint powers agreement in authorizing the Project and its operation and the issuance of the Obligations pursuant to the Act.

   b. A draft copy of the Joint Powers Agreement among the Host Municipalities (the “Joint Powers Agreement”) has been submitted to this body and is on file in the administrative offices of the Municipality.

4. **Findings.** It is hereby found, determined, and declared as follows:

   a. The Municipality desires to facilitate the selective development of the community, retain and improve the tax base and help to provide the range of services and employment opportunities required by the population. The Project will assist the Municipality in achieving those objectives; help to stabilize market valuation of the Municipality; help maintain a positive relationship between assessed valuation and debt; and enhance the image and reputation of the community.

   b. On the basis of information made available to the Municipality by the County it appears, and the Municipality finds, that: the effect of the Project, if undertaken, will be to: (i) encourage the development of economically sound industry and commerce, (ii) assist in the prevention of the emergence of blighted and marginal land, (iii) help prevent chronic unemployment, (iv) provide the range of service and employment opportunities required by the population, (v) help prevent the movement of talented and educated persons out of the State and to areas within the State where their services may not be as effectively used, and (vi) promote more intensive development and appropriate use of land within the Municipality, eventually to increase the tax base of the community.

   c. It is in the best interest of the Municipality to cooperate with and facilitate the issuance of the Obligations and the operation of the Project by the County.

   d. The Municipality will receive substantial benefit from the Project which will provide advanced voice, video and data services, accessible and available on an equal basis to residents of the Municipality.

   e. The Municipality hereby finds that the facilities composing the Project are necessary to make Internet and other communications services that are not and will not be available through other providers or the private market accessible and available on an equal basis to the residents of the Municipality.
5. **Approvals; Execution of Joint Powers Agreement; Preconditions.**

a. The proposal to undertake, finance and operate that portion of the Project located in the Municipality but outside of the jurisdictional limits of the other Host Municipalities, and the issuance of the Obligations by the County is approved.

b. The Joint Powers Agreement is hereby made a part of this Resolution as though fully set forth herein and is hereby approved in substantially the form presented to the Municipality. The mayor and the administrator or the authorized designee of either of the foregoing (the “Authorized Officers”) are authorized and directed to execute, acknowledge, and/or deliver the Joint Powers Agreement on behalf of the Municipality, such execution to be conclusive evidence of approval of such document in accordance with the terms hereof.

c. The Authorized Officers are authorized and directed to execute and deliver such other documents or certificates needed from the Municipality for the sale of the Obligations or with respect to the matters described in the Joint Powers Agreement.

d. After the adoption of this Resolution, the Authorized Officers are authorized and directed to approve, execute and deliver, on behalf of the Municipality, amendments to the Joint Powers Agreement, subject to the following conditions: (a) such amendments do not materially adversely affect the interests of the Municipality under the Joint Powers Agreement; (b) such amendments do not contravene or violate any policy of the Municipality; (c) such amendments are acceptable in form and substance to the attorney for the Municipality or other counsel retained by the Municipality to review such amendments; and (d) such amendments are approved by the County. The authorization hereby given shall be further construed as authorization for the execution and delivery of such certificates and related items as may be required to demonstrate compliance with the Joint Powers Agreement being amended and the terms of this Resolution. The execution of any instrument by the Authorized Officers, shall be conclusive evidence of the approval of such instruments in accordance with the terms hereof. In the absence of the Authorized Officers, any instrument authorized by this paragraph to be executed and delivered may be executed by the officer of the Issuer authorized to act in their place and stead.

6. **Limited Obligation.** The Obligations, when and if issued for the Project, shall not constitute a charge, lien or encumbrance, legal or equitable, upon any property of the Host Municipalities, other than the County. The Obligations, when and if issued, shall recite in substance that the Obligations and the interest thereon, are payable solely from revenues received from the Project and property pledged for payment thereof, and shall not constitute a debt of the Host Municipalities, other than the County.
